

5.1.4. Proposal for a new WG on Information and Communication

Eduardo GALLEGO (UPM, Spain)

***Seventh General Assembly of the NERIS Platform
Bratislava, January 19, 2016***

- *Preliminary proposal*

“Information & communication”

or

“Information and participation of the public in nuclear emergency and recovery situations”

- ***General objective (to be further elaborated): To elaborate on PREPARE WP6 & WP2***
- ☐ Information and participation of the public
 - Communication among experts & stakeholders
 - Preparation of easy-to-understand materials on scientific knowledge
 - Role of social media
- ☐ To further disseminate the Analytical platform
 - Consider as a tool for the WG
 - To be used by people outside the authorities
 - Involved researches, NGOs...
 - Platform which is unofficial
 - Could be used for research, training, ...

- *Issues to be considered:*

- ☐ What tools, processes can facilitate the response of local stakeholders?
 - Comprehensive materials on radiation risk (e.g., maps of spontaneous cancer risks in member countries)
- ☐ To support the local participation gathering information
- ☐ Information of the public for preparedness
 - Having interaction with the stakeholders
- ☐ Exchange of experiences
 - Dialogues in Fukushima
- ☐ Networking experts
- ☐ Interaction with Eagle Platform

❑ *Interested participants:*

- Eduardo Gallego (could lead the WG at the starting point)
- Marie Claire Cantone
- Gilles Hériard Dubreuil
- Wolfgang Raskob
- to investigate the possible participants from WP2 & WP6
- ...
- Other international experts who have experience in Fukushima

❑ *Possible organisation of the WG:*

- Video conference during the first semester in 2016
- To organise a first meeting of the WG during the Oxford RPW in Sept. 2016
- To elaborate a programme of work based on the results of PREPARE
