

## TERRITORIES Workshop on: Communication of uncertainties of radiological risk assessments to stakeholders

16 November 2017, Oslo (Norway)

### DRAFT PROGRAMME

*The objective of this workshop is to discuss the implications and relevance of uncertainties in radiological risk assessments for different stakeholders and how these uncertainties can be better communicated, obtaining feedback from regulators, industry, scientists and “public/social sciences” on this subject.*

Time	Lecturer	Title
08:30 – 08:40	Almudena Real (CIEMAT)	Welcome and scope of the workshop
08:40 – 09:00	Rodolphe Gilbin (IRSN)	Overview of uncertainties in radiological risk assessments
09:00 – 09:30	Lindis Skipperud (NMBU)	Summary and conclusions from workshop “Key factors contributing to uncertainties in radiological risk assessment”
09:30 – 10:00	Coffee and tea	
<b>Session 1: Implications and relevance of uncertainties for stakeholders</b>		
10:00 – 10:15	TBD	Implications of uncertainties for regulators/authorities
10:15 – 10:30	BIOPROTA (Name TBD)	Implications of uncertainties for the industry
10:30 – 10:45	Deborah H Oughton (NMBU)	Implications of uncertainties for scientists
10:45 – 11:00	Thierry Schneider (CEPN)	Implications of uncertainties for the public
11:00 – 12:00	Group work	<b>Implications of uncertainties for different stakeholders</b>
12:00 – 12:30	Group work reports and discussion	
<b>12:30 – 14:30</b>	Lunch	
<b>Session 2: How to communicate uncertainties?</b>		
14:30 – 14:50	Eduardo Gallego (NERIS)	How to communicate uncertainties to stakeholders
14:50 – 15:10	Catrinel Turcanu (SCK•CEN)	Uncertainty and risk management: a matter of risk interpretation
15:10 – 15:30	Coffee and tea	
15:30 – 16:30	Group work	<b>How to adequately communicate uncertainties</b>
16:30 – 17:00	Group work reports and discussion	
17:00 – 17:15	Lindis and Almudena	Closing workshops
